## **Mission 1: The hunt for the most important words!**

- ➡️ Open the KLAR app on your phone and go to "Ordbok" > "Legg til ord."
- 📷 Take a picture of something in the room – a tool, a machine, a sign, or something else you think is important!
- ✍️ Write the word that describes the picture.
- 💡 Explain what it is and how it's used.
- 🔗 Save the word, and it will be added to your personal dictionary.

## **Mission 2: Who can find the best vocational words?**

- 🎯 Find 10 words in the practice room/workshop that you think are important to know.
- 🎮 Start a quiz in the KLAR app – how many words do you remember?
- 👥 Compare your dictionaries in groups of 2–4 people.
- 🔥 Who has the most unique words? Who added the same ones?
